

SILVERADO BELMONT HILLS COVID-19 UPDATE

DECEMBER 31, 2020

Dear Family and Friends,

We continue to wait for an update on the two dates for the vaccine to be given to our associates and residents. Silverado home office has been informed by CVS who we are currently contracted with to provide the COVID-19 Vaccination Clinic Program, that our dates have been pushed into mid-January 2021. COVID-19 is a fluid situation. I have spoken with San Mateo County Public Health this week and they are still vaccinating at the hospital level. They have started Skilled Nursing Facilities (SNF). Assisted Living/Memory Care communities are immediately after, so we are getting closer.

If you have not sent in your Consent for your loved one to receive the vaccine, please do so. Tuesday, January 5, 2021, I will start calling all responsible parties who I have not received any response. Help me make my phone calls lighter, by providing a signed consent or a no response.

Please find attached the Consent Form.

The vaccine is strictly voluntary. At this time it is not a condition of employment for our associates and is not mandatory for our residents. I honestly do not know about the future and what may be required, but for now there is no requirement.

We continue to test residents and associates for COVID-19. We have not received all test results back. We will notify the responsible party of any resident who receives a positive COVID-19 result. We remain in contact with the Department of Social Services and San Mateo County Public Health Department and are continuing to follow their protocols. Any associate with a positive result would be sent home and quarantined for fourteen days, as well as any resident with a positive result would be placed in our observation area and monitored for fourteen days.

As always, if you have any questions, please feel free to contact me directly. From all the associates at Silverado Belmont Hills, we say "Happier New Year" and on to 2021!

With Love and Gratitude,

Joan Newman
